ACTION - MARTYN

CF to next meeting.

11. MINI BUS - Sam has investigated possibilities with Redland, McNicholas and the Post Office and all have said no.

Colin's view is it  
is beyond  
realistic  
repair.

The running costs have been : 1994/95 Ins, Tax & MOT - £451 plus £610 for repairs and seatbelts

1995/96 Ins, Tax & MOT - £549 plus £201 for repairs

Utilisation for a 12 month period was estimated to be 40 days for ventures, cubs and scouts. Consensus was that a minibus is desirable. The present bus has metal moth, seat belts need updating, we have 15 seats and would like 17 seats. The committee was asked 'If an opportunity arises, what money are we prepared to commit to buying another bus?' The discussion did not reach a conclusion, committee members were requested to ask around. The issue would be raised at the AGM and via the newsletter.
