Minutes agreed.

3 MATTERS ARISING

.1 Van (Maintenance & Use) - J Hurley.

N/S, back tyre gone and must be replaced. New back tyre cost £30. Spare has been repaired (also we need a new front tyre). Van to have tyre changed and a new exhaust front section (approx £40) to get through MOT which it is anticipated will take place this week. Inclusive cost of getting the van through the MOT could be £100.

The van is not covering its running expenses - is it a viable proposition to keep it? A suggestion was put forward that perhaps it would not be worth taxing it through the winter months. Position to be reviewed in six months. In the meantime it was suggested that a booking form should be shown in the hut.

.2 Guide Cupboard

We have agreed to a partition to be put up in a part of the store cupboard. (50p per week rent).

.3 Path Grant

Expires soon, Mike Cox will write to District Council in the hope that the grant could be carried on into next year.

.4 Hut Maintenance (creosote)

Cannot be done until weather is better.
